Morse's Bulbs

General Cultural Directions for Bulbs

Outdoor planting should be done early in the fall to secure healthy plants, vigorous foliage and beautiful flowers. Set the bulbs so that there is earth above them to their own depth. This is a good rule. Do not overcrowd; 3 to 4 inches apart for small bulbs such as Crocus, Snowdrops, Ranunculus, etc.; 6-7 inches for Anemones, Jonquils, Tulips, Iris, Freesias; 7-9 inches for Hyacinths and Narcissus; 18 to 27 inches for Lilies.

NON-WARRANTY. Most of the failures with seeds, plants and bulbs are due to causes entirely beyond our control, such as unfavorable weather, too deep and too shallow plantings, slugs, etc., therefore C. C. Morse & Co. give no warranty, express or implied, as to description, purity, productiveness, or any other matter of any seeds, plants, bulbs, etc., they send out, and will be in no way responsible for the crop; if the purchaser does not accept the goods on these terms they are to be returned to us at once.

We wish to remind you of the few usual requests which help us so much in our business:

PLEASE ORDER EARLY. The best time is just as soon as this catalogue reaches you. The bulbs may not have arrived by then, but your order will be given immediate attention, and be filled just as soon as the stock arrives. At the first of the season there are no sorts sold out, and, besides, the bulbs flower much better when planted early.

NAME AND ADDRESS. Please be sure to write plainly your full name and address, when sending us your order and remittance. Send also the name of the nearest express office, if bulbs are to come that way, when it is different from the postoffice. We send bulbs by express unless postage for the different sorts as shown in the catalogue accompanies the order.

MORSE'S BULBS ARE THE VERY FINEST GRADE

DIRECTIONS for pot growing and forcing. The bulbs must be unpacked as soon as received and should be potted at once, as good flowering results depend upon a thorough root growth. This can be obtained by early potting of the bulbs. Use old pots for this purpose, as new pots soak all the moisture from the soil. Morse's prepared bulb fibre or a light rich soil is the proper potting material. Use a four or five-inch pot. A little sharp sand sifted under the base of each bulb at the time of placing it in position will be beneficial. Then add more fibre until the crown or top of the bulb appears just above the surface. After potting, give a good watering and put them in a cool, dark place for eight or ten weeks, at which time the bulbs will be well rooted. Water thoroughly the first three days and then once a week only until the pots are brought into the light. This should be done gradually, bringing them to a north or shaded window first and into the sunlight when just ready to flower. Keep the pots moist but never wet.

In order to get fine, long stems, bring the bulbs which you are forcing out from the cold, dark rooting place into a warm, dark place, instead of into the light. A covering of moss gives this result and is easy to handle. Add more moss as the flowering stem grows. This will take about three weeks and the bulbs are then ready to be brought into the light.

Morse's Prepared Bulb Fibre

Early flowering bulbs can be grown in Morse Prepared Fibre right in the house and flower better than if grown in ordinary soil. The fibre will retain moisture longer and more evenly, and supply all plant food. No drainage is required for growing in this way; the fibre should be moist but not saturated, and if too much water should have been given, tip the bowl and empty same. Bowls are used for holding the fibre and growing the flowers. They always keep sweet on account of charcoal in the fibre. Hyacinths do well, also early Tulips, Freesias, Narcissus, Crocus, Jonquils, Snowflakes, Snowdrops, Spanish Iris, etc., flower freely. Fibre comes moist. (Postage additional.) Lb., 15c; 5 lbs., 60c; 25 lbs., \$2.50; 100 lbs., \$8.00.

Graystone Jardinieres for the use of bulb fibre, will be found on page 2.

All bulbs listed in this catalog are priced postpaid, up to and including the third zone, with the exception of Tulips, Hyacinths, Daffodils and Narcissus. The weights of these four are given under each respective heading. If wanted by mail, please add postage according to weight and zone. Spireas, Late Gladioli, and Amaryllis are catalogued both store and postpaid prices.

Domestic Parcel Post rates will be found below.

DOMESTIC PARCEL POST RATES On Seeds, Plants, Bulbs, Roots, Books, Tools, Etc., within the U. S. and Possessions.		First pound or fraction	Each ad- ditional pound or fraction

Darwin Tulips, Morse's Special Mixed

Morse's Imported Tulips

Tulips are a very satisfactory flower, both for garden and pot culture. They require very little attention, and will grow in any fairly good soil. The soil should be forked deeply, then a coating of Bone Meal or any other good fertilizer, applied. Plant bulbs four or five inches deep, eight to nine inches apart. These planting directions apply to all the different types.

Our list of different varieties are grown for us by one of the best growers in Holland, and we do not hesitate to say that our stock is the very best.

Darwin Tulips

This is the favorite type of Tulip. They excel in brilliancy of colors, perfect form of flowers, and long stout stems. For a beautiful effect in borders and planted in groups among shrubs, they are unsurpassed. As a cut flower, they are of great value, good keepers and come in lovely shades of mauve, violet, maroon, pink and red. Our complete list of well balanced varieties will help our customers to choose a collection of these bulbs, which we know will give satisfaction.

If Tulips are wanted by mail, add postage according to zone, at the rate of one pound per dozen; 3 lbs. per 50; 5 lbs. per 100. Parcel Post rates will be found on the inside of the front cover.

Bulbs are priced, six at the dozen rate; 50 at the 100 rate.

	Doz.	100		Doz.	100
Afterglow (New) —Deep rosy orange with salmon tinted edges. Extra large flowers.....	\$2.50	\$17.50	Mrs. Farncombe Sanders —Scarlet with clear white base.....	\$0.80	\$5.50

Morse's Darwin Mixture No. 1

This mixture is made up from the above named varieties. An assortment of well balanced colors, that will give a splendid effect where a mixture is desired. Price per dozen, 65c; per 100, \$4.50; per 1000 \$42.50. Postage, as above.

Morse's Darwin Mixture No. 2

A cheaper mixture containing the standard types listed above and many other varieties not cataloged. Especially suited for bedding and for massed effects. Price per dozen, 50c; per 100, \$3.50; per 1000 \$32.50. Postage as above.

Index to this Catalog See Inside of Back Cover

Breeder Tulip, Copernicus

Morse's Breeder Tulips

Old Dutch Type Tulips in purples, bronze, gray and lilac, yellow and bronze, brown and orange. Flowers are mostly large, perfect form, and borne on tall straight stems. Their colorings are unlike other varieties, and we offer, this season, several new shades.

If **Tulips** are wanted by mail add postage according to zone, at the rate of 1 lb. per dozen; 3 lbs. per 50; 5 lbs. per 100. Parcel Post rates will be found on the inside of front cover. Bulbs are priced six at dozen rate, 50 at 100 rate.

	Doz.	100
Apricot —Deep bronze orange.....	\$0.90	\$6.50
Bronze Queen —Buff, tinged apricot.....	.75	5.00
Copernicus —Dark copper bronze, shading old rose	1.00	7.50
Coridion —Yellow shaded lilac.....	1.00	7.50
Don Pedro —Brown, shaded maroon; inside mahogany shaded.....	.90	6.50
Fairy —Terra-cotta and bronze; very distinct.....	.80	5.50
Godet-Parfait —Deep purple and violet, with white base.....	.85	6.00
Golden Bronze —Old gold outside, deep golden bronze inside.....	.85	6.00
Louis XIV (New) —A royal flower, purple, flushed golden bronze.....	3.00	20.00
Lucifer —Large reddish orange flower; different from all others.....	1.25	8.75
MacMahon —Bronzy violet, margined bronze yellow.....	1.00	7.50
Old Times —Dull yellowish bronze, edged pale yellow.....	.85	6.00
Velvet King or Dreadnought (New) —Dark purple with white base; very large flower.....	1.50	10.00

MORSE'S BREEDER MIXTURE

Made up from the above varieties and containing some others not listed. Price per dozen, **85c**; per 100, **\$6.00**.

Grow Bulbs in Morse's Special Bulb Fibre. Special Graystone Jardinieres for this purpose are listed below. See inside of front cover for varieties that may be grown this way; also prices for fibre.

Hyacinth Glasses, Lily Bowls and Jardinieres

Hyacinth Glasses in beautiful shades of amber, yellows, greens and blues. **50c** each; **\$5.00** per dozen. If wanted by mail add 10c each, or 60c per dozen.

Chinese Lily Bowls—Glass, **75c** each; **\$1.00** each; postage 10c extra.

Jardinieres—Graystone, 6-inch, **70c**; 6½-inch, **90c**; 7½-inch, **\$1.00**. Postage, 10c, 15c, 20c extra, according to size.

The above are packed and sent entirely at purchaser's risk.

Morse's Giant Striped Tulips

Giant Striped Tulips are very showy and brilliant. This stock is the finest procurable, and will give wonderful results. Lovers of brilliant colors should plant this type.

MORSE'S FANCY STRIPED MIXTURE

Price, per dozen, **70c**; per 100, **\$4.75**. Postage as above.

Morse's Butterfly Tulips

Butterfly Tulips come in a variety of colors and shadings. Very distinct, and are especially fine for both massing and border growing. Good keepers as cut flowers.

MORSE'S BEAUTIFUL BUTTERFLY MIXTURE

Price, per dozen, **70c**; per 100, **\$4.75**. Postage as above.

Morse's Parrot Tulips

This class of Tulip is a distinct type. Each flower, having a combination of colors all beautifully and quaintly striped, resembles the beak of a parrot. As easily grown as other types, and particularly artistic as cut flowers.

MORSE'S SUPERB PARROT MIXTURE

Price, per dozen, **50c**; per 100, **\$3.50**. Postage as above.

Morse's Striped Tulips

Morse's Late or May Flowering Tulips

This type of Tulip is much prized by all, and can be grown in conjunction with the Darwin and Breeder Tulips. The best Yellows, Pinks, and Reds, are found in this type. They have good long stems, and produce a wonderful effect when planted in beds or borders. Partial shade will produce the best blooms, and varieties, such as Gesneriana Major, Gesneriana Lutea, Inglescomb Pink, are among those most extensively grown. Our list below includes the very best selections with full description of color.

If **Tulips** are wanted by mail, add postage according to zone, at the rate of 1 lb. per dozen; 3 lbs. per fifty; 5 lbs. per 100. Parcel Post rates will be found on inside of front cover. **Bulbs** are priced: six at dozen rate; 50 at 100 rate.

	Doz.	100
Gesneriana Major —Most brilliant and dazzling crimson with black center and pointed petals....	\$0.60	\$4.25
Gesneriana Lutea —Beautiful golden yellow; very large pointed petals.....	.60	4.00
Inglescomb Pink —Most evenly colored pink Tulip (Salmon Queen).....	.60	4.00
Inglescomb Yellow —Large globular flowers of deep canary yellow.....	.60	4.25
Isabella (or Blushing Bride) —Creamy white and pink, dark rose center.....	.55	3.75
La Merveille —Salmon rose overlaid with orange-red.....	.55	3.75
La Reeve —Old rose, overlaid on buff.....	1.00	7.50
Moonlight (New) —Very large pale yellow.....	.65	4.50
Mrs. Moon (New) —Deep yellow; reflex, pointed petals.....	.90	6.25
Picottee (Maiden's Blush) —White margined carmine rose.....	.60	4.00
Primrose Beauty —English Primrose shade, soft yellow.....	.55	3.75
Siren (New) —Rich cerise pink, reflex petals.....	1.25	8.75
White Swan —Best pure white Tulip.....	.60	4.00
Union Jack (Distinction) —Lilac, white striped..	.60	4.00

Morse's Special Mixture of all Long-Stemmed Tulips

This mixture enables our customers to order good assortments of Tulips without the trouble of going through the entire list. They are made up by ourselves from named varieties, and have all the classes, sorts, and colors that go well together. We take particular care in making up this mixture and where all colors mixed are required these will be most satisfactory.

Prices: Dozen, 60c; 100, \$4.35; 1000, \$41.00. Postage as above.

Double Tulip, Salvator Rosa

Morse's Early Tulips

Both the double and single varieties are excellent for pot culture, and especially for growing in fancy jardinières with **Morse's Bulb Fibre**, as listed on inside of front cover. Also for massing in gardens. Stems are short, and very early blooming.

Postage, same as for Late Flowering.

	Doz.	100
SINGLES		
Kaiserkroon —Scarlet with broad yellow margin..	\$0.80	\$5.75
Mons Tresor —Fine pure yellow.....	.60	4.25

Salvator Rosa —Very deep rose (forcing).....	.75	5.25

MORSE'S SPECIAL DOUBLE MIXTURE
Price, dozen, 65c; 100, \$4.50.

Special Notice

Orders for all bulbs listed in this catalog may be placed at one time. Orders will be filled as soon as stock arrives and during the proper planting season. **Tulips, Hyacinths, Daffodils, Narcissus, Freesias, Anemones, Ranunculus** and all other **Holland Bulbs** are usually ready for delivery early in **October**. To prevent disappointment, orders should be placed early.

Plant Early Flowering Sweet Peas in August, September and October

Morse's Hyacinths

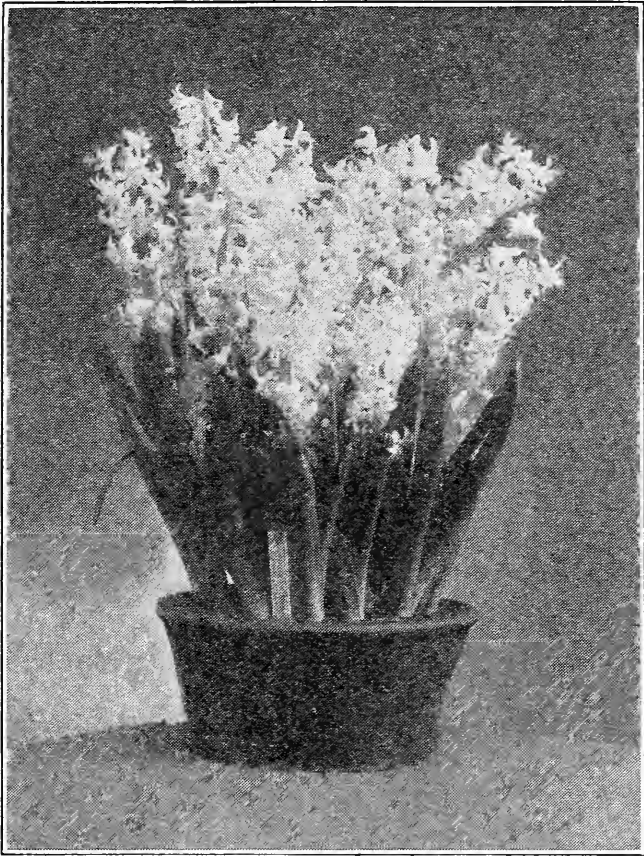

Hyacinths are very easy to grow, and can be grown in many different ways, out of doors, in pots, or fancy jardinières with Bulb Fibre, or in Hyacinth Glasses with water. For outdoor growing care should be taken that ground is well forked over with a good supply of Manure. Set the Bulbs from four to five inches deep and seven or eight inches apart. Most planters make a mistake of planting nearly all Bulbs too shallow, causing the top growth to sprout too quickly which produces short stemmed Flowers. In planting Bulbs, especially in loose soil or sand, give them extra depth to produce roots so that they will take food value from the soil.

For pot growing, use sandy loam and bury the pots in the Garden for five or six weeks or keep in a dark place to produce roots; then bring them into the house to force into blooming. To grow in jardinières, without drainage, use Morse's Bulb Fibre as listed on inside of front cover. Many other varieties of Bulbous stock can be successfully grown in Bulb Fibre and this is a very nice way to grow them for house decoration, there being no drainage required, jardinières can be placed on different furniture without fear of marring same. Special Hyacinth Glasses can be purchased from us at prices listed on Page 2, which also makes a very clean and ornamental display.

If wanted by mail, please add postage according to zone required, at the rate of 3 lbs. per dozen; 12 lbs. per 50; 22 lbs. per 100; or may be sent by express. Zone rates will be found at inside of front cover. Prices, six at dozen rate; 50 at the 100 rate.

SWEET PEAS
EARLY

Morse's Early Flowering, in Aug., Sep. and Oct.

Morse's Late Flowering in Nov., Dec. and Jan.

Intermediate Hyacinths Growing in Morse's Bulb Fibre. Special Graystone Jardinieres for this purpose listed on page 2.

Daffodil, Emperor (Pure Yellow)

Daffodils and Narcissus

Daffodils are probably the most popular of spring flowering bulbs. Blooming so early, their wonderful display of yellow beauty is the advance agent of spring. From February well until May, Daffodils will bloom if selection of varieties is carefully made. We have classified the following varieties, which will make selection easy: Trumpet Daffodils, Crown Daffodils, Double Daffodils, Poeticus Narcissus, Poetaz and Polyanthus Narcissus, and Jonquils. Many new varieties are included.

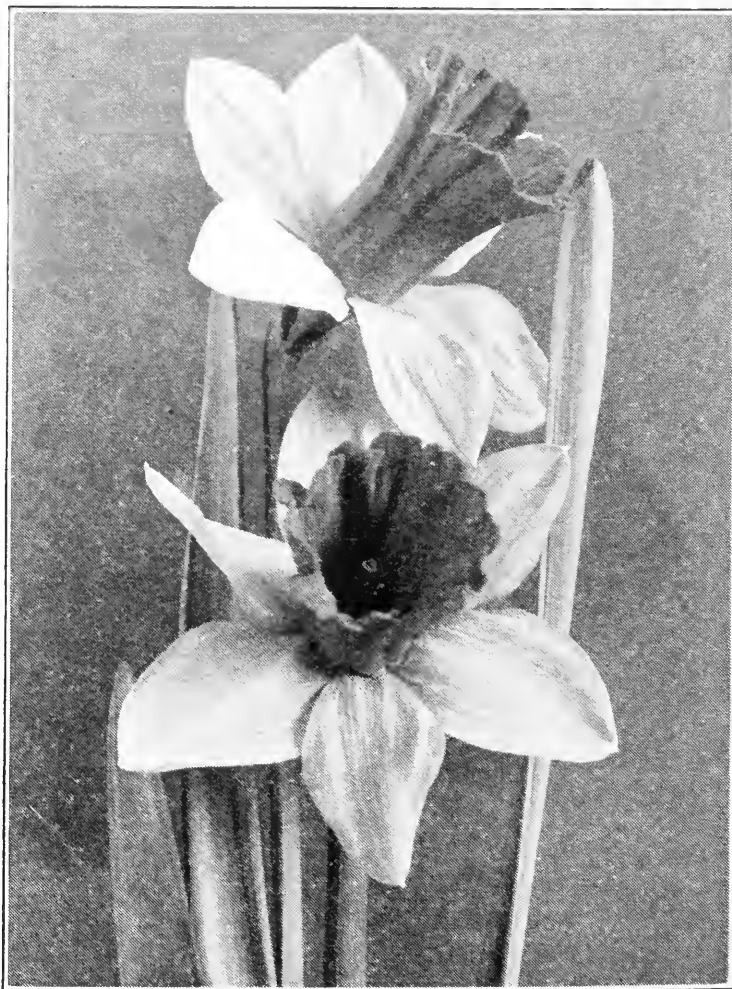

Culture: Daffodils and Narcissi appear to greater advantage if planted in partial shade. This will prolong their bloom and will help to retain the color of the red and orange cup varieties. Set bulbs from four to five inches deep and eight inches apart. It is a good plan with all bulbs planted out of doors to cover ground on top with four or five inches of light material, such as straw or leaves, removing same after six or seven weeks. This will give good root, the results will be extra large flowers. Do not cut the leaves after blooming, but let them die back; if cut back, severely, you will have no flowers the following season.

If wanted by mail, add postage at the rate of 2 lbs. per dozen, 7 lbs. per 50, 12 lbs. per 100. Prices given are six at dozen rates, 50 at 100 rate.

TRUMPET VARIETIES

	Each	Doz.	100
Emperor —One of the most well known late Daffodils. Perianth is broad and overlapping. Trumpet very large. Entire flower is pure yellow. Stems long; fine for cutting. Should be grown in every garden. Large Bulb..	\$0.10	\$1.00	\$7.50
Bi-Color Empress —Perianth is pure white and trumpet golden yellow. A magnificent flower, and truly a good mate for Emperor. Such a well known variety needs no further description..	.10	1.00	7.50

	Each	Doz.	100
Bi-Color Victoria —This variety is somewhat later than Empress, but earlier than Bi-Color Grandee, and we highly recommend it.....	\$0.09	\$0.90	\$6.25
Bi-Color Grandee —This is a very large flowered variety with white petals and yellow trumpet, but is somewhat different in appearance, as the perianth overlap. Rather dwarf. Very late flowering.....	.10	1.00	7.50
Golden Spur —Perianth, yellow. Trumpet, golden yellow. One of the early varieties, but excellent for cutting and very fragrant. Largely grown by market gardeners.....	.09	.90	6.25
King Alfred —This is a perfect flower. Very large; trumpet long, and deep yellow. And a floriferous producer. No doubt the best of the all-yellow varieties. Mammoth Bulbs.....	.25	2.50	17.50
Mme. de Graaf —Perianth pure white, trumpet primrose yellow, suitable for out-door or pot culture.....	.12	1.15	8.00
Olympia —Very large variety, trumpet slightly deeper than perianth, which is clear sulphur yellow.....	.25	2.75	18.50
Princeps Maximus —The popular early variety. Perianth, sulphur yellow, with drooping trumpet. Good for massing, borders and pot growing.....	.07	.75	5.00
Trumpet Major —A self clear yellow variety. Early flower. Valuable for bedding, cutting and forcing.....	.07	.75	5.00
Van Waveren's Giant —The largest of all trumpet Daffodils. Perianth, primrose, with bright yellow trumpet. Splendid forcing variety.....	.30	3.00	22.50

Daffodil, Bi-Color Empress

Index to this Catalog See Inside of Back Cover

Daffodils and Narcissus (Continued)

Crown Daffodils (Chalice Cup or Star)

If wanted by mail, add postage at same rate as Daffodils on page 6.

	Each	Doz.	100		Each	Doz.	100
Barri Conspicuus —Well known variety with broad yellow perianth. With short, broad crown. Edged with orange scarlet. Large flower.....	\$0.08	\$0.80	\$5.50	Red Beacon —Broad perianth, ivory white, with pale sulphur tone at base. Fluted and frilled cup of most vivid orange scarlet. Wonderfully striking flower.....	\$0.35	\$3.50	\$25.00
Firebrand —Perianth, creamy white, shaded soft yellow at base. Cup, intense fiery red. Prettily fluted. Exceptionally good.....	.10	1.00	7.50	Sir Watkin —Sulphur yellow perianth. Cup, deep golden yellow, and almost as large as those of the trumpet class.	.10	1.00	7.50
Gloria Mundi —Perianth, primrose yellow. Broad petals, crown, dark chrome at base, deepening to orange red at brim.....	.10	1.00	7.50	Barri Seagull —Large spreading pure white perianth, yellow cup, edged apricot.....	.10	1.00	7.00
Lady Godiva —Perianth white, beautiful form. Cup medium size; yellow, edged orange scarlet.....	.10	.90	6.00	Will Scarlet —Creamy white perianth, with large rimmed fiery orange red cup.	.35	3.50	25.00
				White Lady —Broad, round over lapping perianth, white, with pale canary cup. Very fine.....	.09	.90	6.50

Double Daffodils

If wanted by mail, add postage at same rate as Daffodils on page 6.

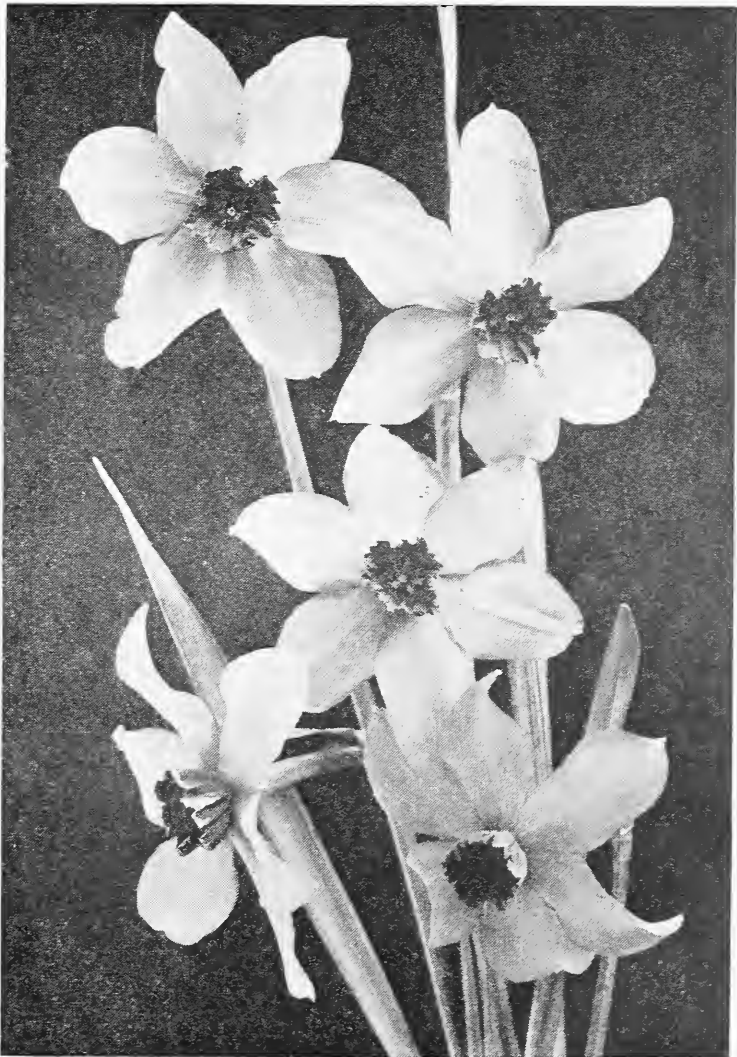

Double Daffodils are long blooming types. They resemble Carnations and Gardenias, in form of flower, with the exception of Von Sion, which is a double trumpet variety.

	Each	Doz.	100		Each	Doz	100
Alba Plena Odorata —(Double White Poet's Narcissus)—Pure white and fragrant. Late blooming.....	\$0.06	\$0.65	\$4.50	Orange Phoenix —(Eggs and Bacon)—Very large variety. White and orange. Fine for pot culture, and a very double flower.....	\$0.09	.90	\$6.50
Incomparable —(Butter and Eggs)—Rich yellow and orange. Large size and beautiful carnation shape. Should be planted in every garden.....	.08	.80	5.50	Sulphur or Silver Phoenix —Large creamy white flower with sulphur yellow center. One of the best double sorts. Very popular.....	.09	.90	6.50
				Von Sion —Double trumpet variety. Greatly prized, and is excellent for bedding, forcing and cut flowers. A pure yellow.....	.08	.80	5.00

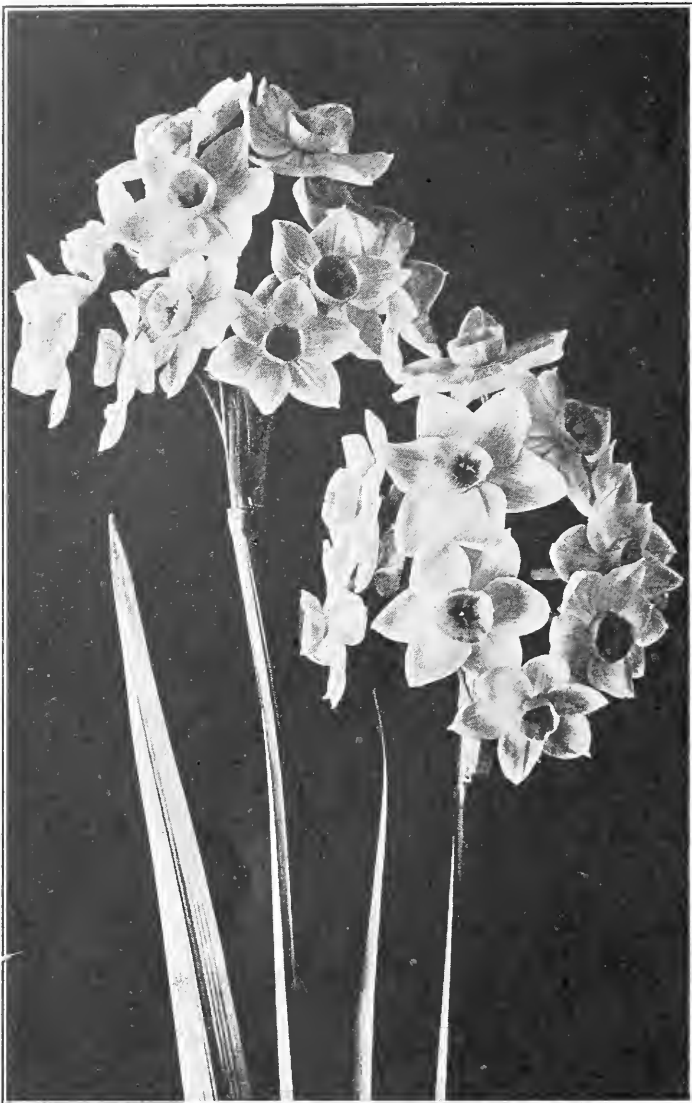

Poeticus Narcissus

We are again listing the new varieties introduced last year. Poeticus Pheasant Eye and Ornatus are well known varieties and need very little description. The others are new, and a great improvement on the older ones. Flowers are much larger and of more substance. The pure white perianth and colored cups of these varieties make them very attractive and will be appreciated by all those who plant them.

	Each	Doz.	100
Epic —White, eye canary yellow, with crimson edge.....	\$0.13	\$1.25	\$8.75
Cassandra —White perianth with dark red rimmed crown.....	.20	2.25	15.75
Laureate —Very large flower, pure white with eye edged dark red.....	.12	1.15	8.00
Thelma —Snow white perianth, large overlapping petals. Cup, margined scarlet, very fine.....	.13	1.25	8.75
Comos —Beautiful white perianth, yellow at base, scarlet bordered cup. Handsome flower.....	.18	1.75	12.50
Glory of Lisse —This is a great improvement over Ornatus. Much superior in size and form.....	.10	.90	6.00
Homer —Pure white perianth, rich deep red eye. Extraordinary large flower.....	.15	1.50	10.50
Horace —Snow white perianth, solid red eye. Very attractive, free flowering. The best.....	.20	2.00	15.00
King Edward VII —Broad white perianth; cup, canary yellow; border bright red.....	.10	1.00	7.50
Ornatus —Well known early flowering sort. Perianth, white; red cup. Very large Bulbs.....	.05	.50	3.50
Pheasant's Eye —Late variety. White perianth, cup resembling a pheasant's eye.....	.05	.50	3.50

Poeticus Narcissus, Horace

Narcissus Polyanthus, Paper White

Narcissus Polyanthus Narcissus

A very fragrant, sweet scented type, and very early. Can be grown outdoors or in pots or water with gravel. Each stem bears from ten to twenty blossoms.

If wanted by mail, please add postage at the rate of 2 lbs. per dozen, 7 lbs. per 50, 12 lbs. per 100. Postage rates will be found on Inside of Front Cover.

	Each	Doz.	100
Paper White Grandiflora —Snowy white blossoms with large petals. Very free flowering and fragrant. One of the oldest types.....	\$0.07	\$0.65	\$4.50
Grand Monarch —Broad white perianth, with primrose cup. One of the best. And should be more widely grown.....	.10	1.00	7.50
Grand Soleil D'Or —A rich clear yellow with orange cup. Commonly called Yellow Paper White.....	.10	1.00	7.50
Chinese Sacred Lily —A variety usually grown in Lily Bowls with water. These are selected Bulbs imported from China. Large Bulbs.....	.18 2 for .35	1.75	12.50

Poetaz Narcissus (HYBRIDS)

These are different from the Polyanthus type. The individual flowers of this class have more or less the Poeticus size, but the perfume is very delicate.

	Each	Doz.	100
Admiration —Pale yellow, cup scarlet edged; very fine.....	\$0.15	\$1.50	\$10.00
Elvira —Broad white petals, with golden yellow cup, edged with orange.....	.10	1.00	7.00

	Each	Doz.	100
Helious —Pure yellow, with deep golden cup; very fine.....	\$0.13	\$1.25	\$8.75
Laurens Koster —Pure white perianth, very large yellow cup.....	.10	1.00	7.00
Mignon —Perianth white, cup scarlet edge	.18	1.75	12.50

Jonquils (NARCISSI JONQUILA)

These sweet flowers come in several classes. The single varieties are sweet scented, and are borne in clusters. Other varieties are like miniature Daffodils in both the single and doubles. They are very easily grown and are splendid for cut flowers.

Prices given below are postpaid.

	Doz.	100
Campernelle — Small yellow trumpet flower. Very fine for forcing, but not fragrant.....	\$0.60	\$4.00
Giant Double Jonquil —Very double and rich golden yellow. Large flower, and well worth growing.....	.65	4.50
Rugulosus —This variety is also very large, for Jonquils. Is a deep golden yellow, broad perianth with wrinkled cup.....	.65	4.50
Single Sweet Scented —Different from all others and makes one of the best cut flowers we know of. Sweetly perfumed.....	.45	3.00

Agapanthus Umbellatus (BLUE AFRICAN LILY)

Agapanthus—These beautiful blue flowers are not grown enough. They are so easy to grow if planted in partial shade. Flowers borne in clusters of twenty and thirty. Ready for delivery in November. Price, each 30c; per dozen, \$3.00.

Prices are postpaid.

Allium

Molly or Golden Allium—This little flower is very fine for naturalizing in the Garden. Forms nice clumps of small golden yellow flowers which bloom in June. Per dozen, 40c; per 100, \$3.00

Prices are postpaid.

Alstromeria (PERUVIAN GOLDEN LILY)

This is the beautiful golden spotted Peruvian Lily you see so often in the florist's windows. We have procured some of the finest stock of this variety in America, and no garden should be without them. They make wonderful cut flowers, keeping from eight to ten days in water. Price, 25c each; \$2.50 per dozen. Postpaid.

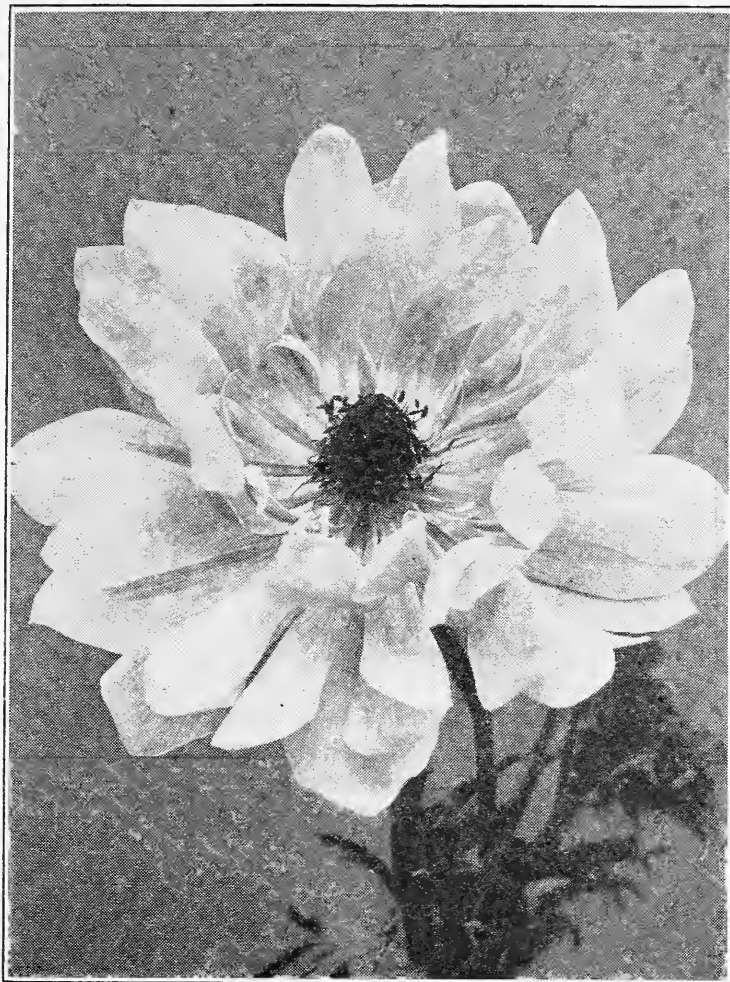

Amaryllis

We have some different varieties to offer this season, as our descriptions below show. Frequent disturbance of the Amaryllis roots should be avoided, as this prevents free flowering.

If required by mail, add the following for postage: 5c each, 15c per dozen.

Belladonna Major—The old fashioned Amaryllis. Deep pink, according to size 15c and 20c each; \$1.50 and \$2.00 dozen.

Fragrans—Very fine yellow. Flowers three inches to four inches long. Stalks fifteen to eighteen inches high. Price, each, 30c; \$3.00 per dozen.

Anemone, St. Brigid

Anemones

No flower is more beautiful than the Anemone. They are easy to grow and come in a wonderful assortment of colors. Plant 1½ inches deep, 4 to 6 inches apart. Prices are postpaid.

	Doz.	100
Anemone—St. Brigid (first size).....	\$0.75	\$5.00
Anemone—St. Brigid (second size).....	.60	4.00
Anemone—The Caen Mixed (first size).....	.75	5.00
Anemone—The Caen Mixed (second size).....	.60	4.00

Anemone Japanese

These are tall growing perennial plants of the Japanese single varieties. Rooted stock ready for delivery about January 1st.

	Each	Doz.
Roots—Lavender, Pink and White (postpaid).....	\$0.30	\$3.00

SPECIAL NOTICE

For Best Results With Sweet Peas

The Early Flowering Type should be planted in Aug., Sept. and Oct. The Late varieties in Nov., Dec. and Jan., see pages 18 and 19 for varieties.

Bleeding Heart

(OR DIELYTRA)

SPECTABILIS

Beautiful heart-shaped flowers, suitable for perennial borders. Price, 90c each; postpaid.

Begonia

The tuberous rooted Begonias are too well known to need much description, but our improved varieties are far superior to stock usually offered. The fringed varieties are becoming great favorites and all varieties listed are excellent stock for pot culture and bedding purposes.

Will do well out of doors in San Francisco. Prices are postpaid. January delivery.

FRILLED VARIETIES

In Pink, Salmon, Scarlet, White and Yellow. Price, 30c each; \$3.00 dozen.

MORSE'S DOUBLE VARIETIES

In Pink, Salmon, Scarlet, White and Yellow. Price, 35c each; \$3.50 dozen.

SINGLE VARIETIES

In Pink, Salmon, Scarlet, White and Yellow. Price, 25c each; \$2.50 dozen.

Caladiums

(OR ELEPHANT'S EARS)

Caladiums are large leaf plants without flowers, which give a tropical appearance to the home garden. They are most effective for unsightly corners, etc. Price, 30c each; \$3.00 dozen; postpaid.

Black Calla Lily

(AREM PICTUM)

This Lily is a spring flowering purple black Calla, which is almost frost proof and a great novelty. Price, 40c each; \$4.00 dozen; postpaid.

Morse's White Calla Lilies

Extra Large Bulbs \$1.50 dozen; Medium Bulbs \$1.25 dozen; postpaid.

Calla Lilies

Morse's Yellow Calla Lilies are beautiful for bedding or pot culture. Easy to grow and very free blooming. If grown in pots, will make fine house plants.

Mammoth Bulbs—Produce large blossoms; each, 30c; dozen, \$3.00; 100, \$20.00.

Medium Bulbs—Each, 20c; dozen, \$2.00; 100, \$14.00; prepaid.

Dahlia Bulbs

Our list of Prize winning Dahlias will be listed in our General Catalog ready about Dec. 15. If you do not get a copy drop us a card for same.

Crocus

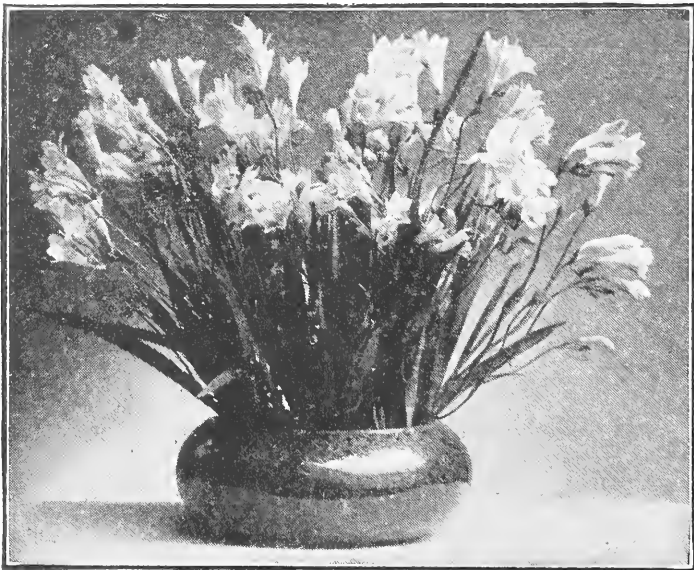

Crocus are of very easy culture. Beautiful upright bell shaped flowers, with grass like foliage and very early. They are at home if planted in grass plots or lawns and make fine borders and potted plants. Can also be grown beautifully in jardinieres with Morse's Bulb Fibre. Plant about three inches deep and as thick as you like. They are never out of place. Prices given below are postpaid.

	Doz.	100
Kathleen Parlow—Very large pure white with orange anthers.....	\$.40	\$2 50
Madam Melba—Light blue with darker stripes and bright gold anthers.....	.40	2 50

Apollo—Bright orange salmon	\$0.75	\$5.00
Bride—Pure white, very early35	2.50
Blushing Bride—White with carmine flakes60	4.00
Brilliant—Bright glowing red75	5.00
Peach Blossom — Beautiful soft clear pink60	4.00
San Pereille—Soft lilac lavender . .	.75	5.00
Morse's Early Flowering Mixed—Made up of the above named varieties50	3.50

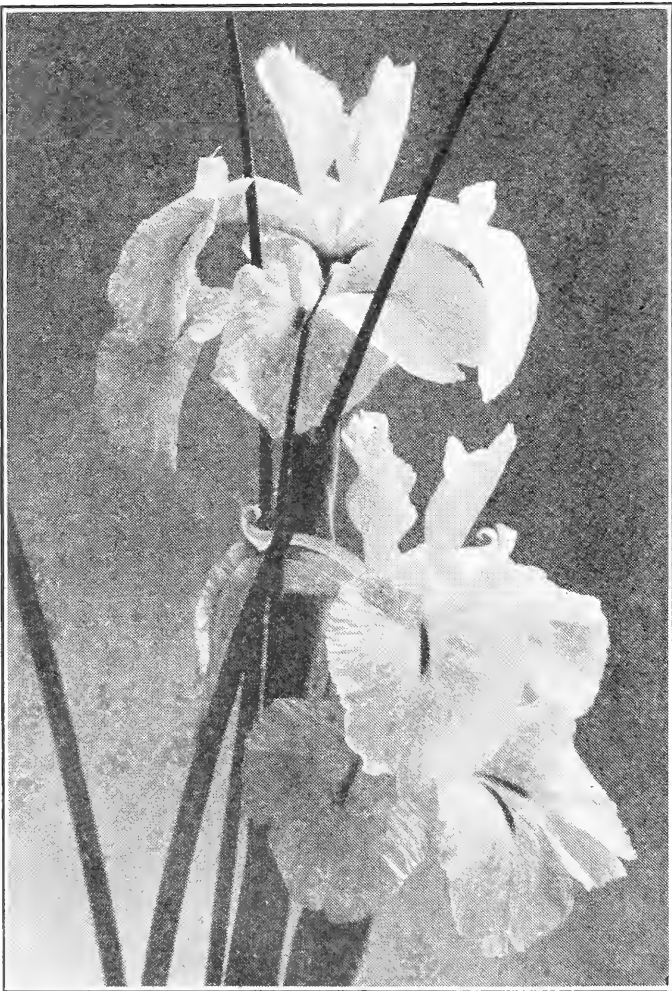

Early Flowering Gladioli

Gladioli Primulinus Hybrids

This type of Gladioli is becoming very popular. Unlike the ordinary variety, the petals are quite thin and the individual flowers are spaced on the stem, which gives them an attractive appearance. We highly recommend them as a garden or cut flower. During the past season, many letters have been received from customers delighted with this variety.

We carry the **Primulinus Hybrid** type in mixed colors only and if planted this way, in perennial borders, among shrubbery or massed in beds they will give great satisfaction.

Prices, per dozen, **75c**; per 100, **\$5.00**; per 1000, **\$30.00**; postpaid to third zone.

Iris

Irises

Bring all the Colors of the Rainbow to your Spring Garden.

Our stock of **Iris**, listed on next page, is grown and guaranteed by the Elizabeth Hardee Iris Garden and the varieties listed are without doubt the finest procurable.

When ordering by mail, please add five cents extra per root for postage and packing. Orders for \$2.00 or over, are sent prepaid. Price, per dozen, ten times single price.

No flower gives such a wealth of bloom with as small an expenditure of time and effort as the **Iris**, withstanding as it does the long, dry season and coming again in the Springtime beautiful, undaunted by neglect but responding generously to care. While the **Iris** is, generally speaking, a Spring Flower, the foliage is practically evergreen in this climate.

There are two classes of **Iris**—the root and bulbous. The root type should be planted shallow just below the surface of the ground, and the bulbous once their own depth.

All **Irises** are sun-lovers, but appreciate plenty of water, as they approach the blooming season. They should be transplanted about every third year, either just after the blooming season or in the Fall. Avoid fresh manure and soggy, densely shaded localities.

The following is a comprehensive list, comprising some of the world's best **Irises**, and is segregated into color groups for convenience:

Irises

(Pogon, or Bearded)

DELICATE SHADES OF BLUE AND BLUE-LILAC	
	Each

Japanese Iris

(IRIS KAEMPFERI)

Japanese Iris come in a variety of beautiful shades. Blues, greys, lavenders, white and pink, purples, crimson, rose and lilac. They require a good deal of water, and should be planted four inches deep, twelve to fourteen inches apart. Blossoms are often eight to ten inches in diameter, on long graceful stems. Ready for delivery in December.

In Mixed Varieties only. Six for \$1.75; per dozen, \$3.40. Postpaid.

SUSIANA MOURNING IRIS

This is a beautiful and a quite distinct variety. The flowers are large, silvery-grey, veined with dark chocolate. Stock very limited, at 75c each; \$7.50 per dozen. Postpaid.

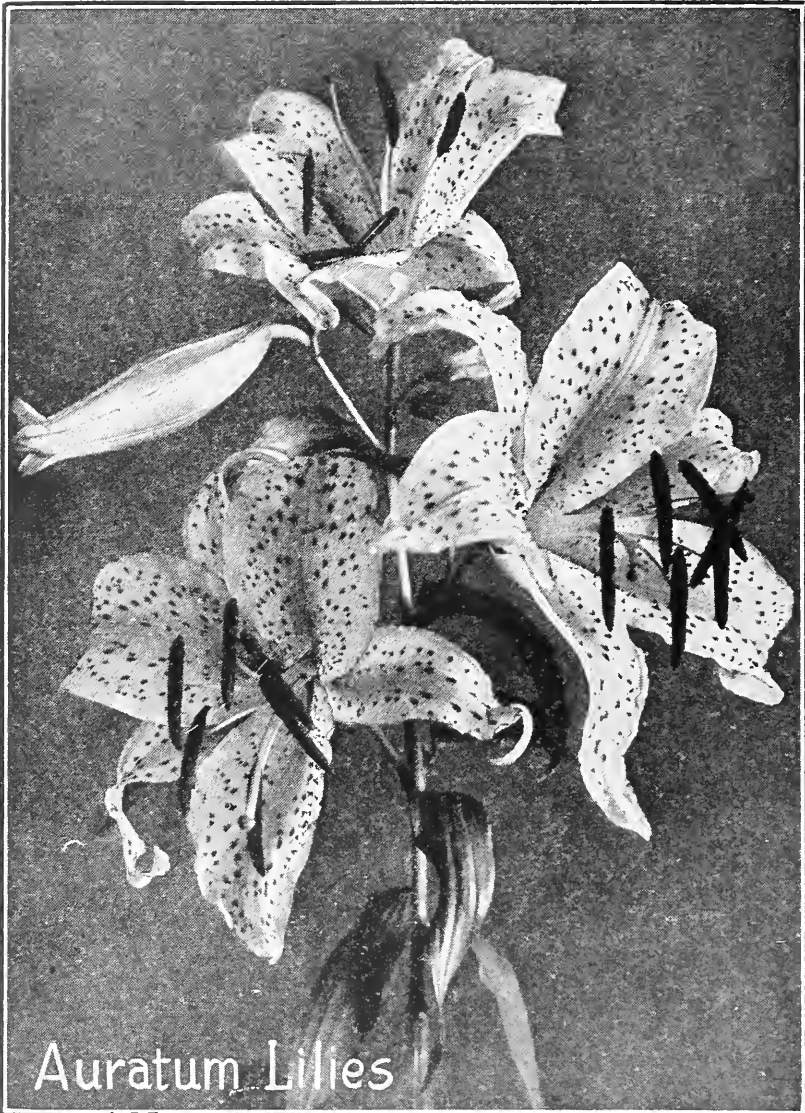

IXIAS

Beautiful winter flowering bulb with long, slender, graceful flower spikes. Colors are very rich, varied and beautiful.

Morse's Mixed—75c dozen; \$5.00 per 100. Postpaid.
Pure White—50c dozen; \$3.50 per 100. Postpaid.

Plant Late Flowering Sweet Peas in November, December and January

Lilies

Auratum Lilies

Lilies of all varieties are very easy to grow. The Japanese and Domestic varieties listed on this page are procured from the best possible source and we can highly recommend them. Single bulbs and dozen lots are priced postpaid. Hundred lots and over should be sent by express. F. O. B. San Francisco. See Front Cover.

Three Lilies from the South

	Each	Doz.
Angel Lily (C. Fimbriatum)—Flower of pure white with streak of delicate pink down center of petals. Delightfully fragrant. Blooms in hottest weather. Price, prepaid.....	\$0.35	\$3.50
Confederate Lily (C. Kunthianum)—Trumpet shaped, drooping Lily of soft creamy white, striped on outside with rich deep rose, shading inside to shell pink. Price, prepaid.....	\$0.55	\$5.50

Morse's Mixture —Contains an assortment of well-balanced colors. Postpaid.....	.75	5.00

Watsonia, Morse's Orange

Flower Seeds For Fall Planting

It is advisable to plant many varieties of flower seeds during the fall. They will not bloom during the winter but will make thrifty plants, which will bloom much earlier than if sown in the spring. Below is a partial list of some of the best for this purpose.

Plants that will flower during the winter are not numerous. Some of the best are Calendula, Winter Stock, Cornflower, Pansies, Snapdragons, Wallflowers, not forgetting MORSE'S WINTER FLOWERING SWEET PEAS. If annuals are started a few weeks before cold weather they will stand the winter frost without harm. These annuals can also be planted in the spring but in the interior valleys where the summer is dry and hot they will do much better if planted before December.

Complete description of all flowers will be found in our Garden Guide, new issue will be ready in December. If you do not receive this kindly drop us a card and we will send it.

LATE FLOWERING
SPENCER

Sweet Peas

For years we have devoted much time to the production of Sweet Peas. More than two score varieties developed and originated by us are recognized as some of the world's best. Vast acreages of this beautiful flower handled by Sweet Pea experts enables us to put on the market every year the finest there is. We offer this season the following new varieties: "Miss California," "Campfire," and "Doreen." These in addition to our last year's novelties, "Crimson King," red; "Youth," white, picotee edge pink, and "Austin Frederick Improved," lavender, with our general list will be found most complete. For best results, November, December and January planting is advised.

MISS CALIFORNIA (A Morse Creation)—We have had the name of "Miss California" in mind for a Sweet Pea for some time and at last we feel that we have produced a Sweet Pea worthy of the name. The beautiful coloring cannot be conveyed in a word picture, as the blending of shades is so perfect and wonderful. The effect is a beautiful, rich salmon cream pink; flowers are large and exquisitely waved and are borne in fours on long, stout stems. "Miss California" received the highest possible award, "The Award of Merit," at the British National Sweet Pea Society's Trials, 1924. Sold in packets only, 12 seeds, 25c postpaid. (See illustration on back cover.)

CAMPFIRE (1924 Novelty)—The brightest scarlet cerise, Sunproof Sweet Pea, ever offered. It is the last word in vivid color and stands out beside all other varieties we have tried in this class. The flower will stand the hottest sunshine, in fact, the brighter the sun, the better the color. Packets only, 12 seeds, 25c postpaid.

DOREEN (1924 Novelty)—Doreen is a huge carmine Sweet Pea; very much larger and brighter than all other carmine varieties we have tried. The plant is a most vigorous grower and bears a profusion of four blossom sprays. Packets only, 12 seeds, 25c postpaid.

Give Results

In our wonderful California climate many Vegetables can be planted in the Fall of the year with satisfactory results. Below are a few of the Vegetables which we recommend for Fall planting. Many other varieties are listed in our annual **Garden Guide**.

Many varieties of our Improved stocks of Table **Peas**, if planted in protected places, will insure **Peas** for February picking. They require fairly rich soil, but in locations not too wet for planting at this time of the year. Sow in rows twelve to eighteen inches apart for tall varieties. Prices are postpaid up to and including the fourth zone on all quantities up to 10 lbs. Write us for prices on large quantities.

All prices with the exception of packets, are subject to change without notice.

Vegetables for Fall Planting

PEAS

- Stratagem, Morse's Selected**—A semi-dwarf variety, bearing long, thick, well filled pods. Our hand picked stock is especially good. Pkt. 15c; lb. 40c; 10 lbs. \$3.50.
- Thos. Laxton**—A fine early tall variety. Has large blunt pods that fill with peas, of the finest quality. Morse's superior strain. Pkt. 15c; lb. 40c; 10 lbs. \$3.50.
- Blue Bantam**—This Pea is a very heavy producer. Is tender and unusually sweet when cooked. Pkt. 15c; lb. 40c; 10 lbs. \$3.50.
- Little Marvel**—Extra dwarf Pea, very prolific. Six or seven well formed Peas in each pod. Pkt. 15c; lb. 40c; 10 lbs. \$3.50.
- Dwarf Telephone (or Daisy)**—We highly recommend Dwarf Telephone for fall planting. Height two feet, large full bearing pods. Pkt. 15c; lb. 40c; 10 lbs. \$3.50.
- Senator**—Curved pods, well filled with large sweet Peas. Unusually prolific. Pkt. 15c; lb. 40c; 10 lbs. \$3.50.

SPECIAL NOTICE: We shall esteem it a great favor if you will give us below, the NAMES and ADDRESSES of any of your friends that are interested in gardening. We wish to send them our CATALOGUE

[illegible]

Grasses for Lawns

Grass Seed for Lawns does well if planted in the Fall, especially in locations where the hot sun has a tendency to scorch the young growth if planted earlier in the season. Planting your Grass Seed in the Fall, you do not require the Seed covered very deep. Prepare the soil well and dig in some GROZ-IT or other Fertilizer. After sowing the Seed, lightly cover with sandy loam or rake the Seed in lightly, and roll down, but not too tight.

It is a good plan to keep a little Seed in hand to sprinkle over your lawn several times a year immediately after cutting. The use of a little soil mixed with your Seed when renovating, will supply nutriment to the roots which are being constantly washed with repeated watering. Use 1 lb. of Seed to 250 sq. ft. of Lawn, with the exception of **Morse's White Clover**, when use 1 lb. to 350 sq. ft. of Lawn.

One pound and ten pound prices are postpaid. 100 lb. prices, F. O. B. San Francisco. Write for prices for larger quantities than specified here.

Morse's California Lawn Mixture

A well balanced mixture of Grasses to make a good, fine lawn. Highly recommended where Clover is not required. Price per lb., 70c; 10 lbs., \$6.50.

Morse's Golden Gate Park Mixture

A splendid mixture of Grasses containing the right amount of clover, which produces a good, hard sod, as put up by us for many years past. Be sure it's Morse's. Per lb., 40c; 10 lbs. \$3.75.

Morse's Shady Lawn Mixture

Adapted for partial and shady lawns, especially good for under trees, palms, etc. Price per lb., \$1.00; 10 lbs., \$9.50.

Australian Rye Grass—For quick growing, Australian Rye Grass has no superior. Light green in color, very vigorous; grows well in winter in almost any kind of soil. If cut often makes a fine lawn especially in San Francisco climate. Price, lb., \$0.30; 10 lb., \$2.50.

Special Mixtures put up for Sandy Lawns, Sea Side Lawns, Terrace and Slopes. We carry a full line of Grass Seeds necessary for all Golf Course requirements.

Write us for Special Price on Quantities of 100 lbs. and over.

Cover Crops Suitable for Fall Planting

Melilotus Alba, Melilotus Indica, Burr Clover, Spring Vetch, Hairy Vetch, Canada Field Peas, etc. All varieties of **Alfalfas, Clovers and Grasses.** Write us for special prices before purchasing elsewhere.

Morse's Pacific Rye Grass

One of the best Grasses for Lawn in sandy soils, such as around San Francisco. Pacific Rye Grass is much finer leaved than the Australian Rye, but just as hardy. Price per lb., 35c; 10 lbs., \$3.00.

Morse's Kentucky Blue Grass

Where you have every condition right there is no Grass that takes the place of **Kentucky Blue**. It requires plenty of water, warmth and care. And makes a wonderful Lawn. Price per lb., 50c; 10 lbs., \$4.50.

Morse's Special White Clover

This is special re-cleaned stock and free from weeds. Extra dwarf and fine leaved. Price per lb., \$1.00; 10 lbs., \$9.00.

“MISS CALIFORNIA”

MISS CALIFORNIA (A Morse Creation).—We have had the name of Miss California in mind for a Sweet Pea for some time and at last we feel that we have produced a Sweet Pea worthy of the name. The beautiful coloring cannot be conveyed in a word picture, as the blending of shades is so perfect and wonderful. The effect is a beautiful, rich, salmon cream pink; flowers are large and exquisitely waved and are borne in fours on long, stout stems. Miss California received the highest possible award, “**THE AWARD OF MERIT**,” at the British National Sweet Pea Society’s Trials, London, England, 1924.
